

## **AWARENESS VIDEO ON COVID-19**

**By NSS Unit-I and NSS Unit-II**

**Netaji Nagar College for Women, Kolkata-700092**

Coronavirus Disease also known as COVID-19 has spread rapidly throughout many countries of the World and has been declared as a pandemic by World Health Organization on 11<sup>th</sup> March 2020. The first outbreak was identified in Wuhan, China in December 2019. Since then many people has been infected throughout the World and also in our country and lost their lives due to this dreadful disease. Researchers around the World are working actively to come up with a vaccine against the novel corona virus to protect people from this disease. However as we all know prevention is always better than cure and spreading awareness for prevention of COVID-19 is need of the hour in the current pandemic situation. With this objective the N.S.S UNIT-I and N.S.S unit –II of the college prepared an awareness video on COVID-19 including ten NSS volunteers on 15<sup>th</sup> of May 2020. The total time of the video is 1 minute 58 seconds. The video focuses on relevant precautionary measures and necessary actions for prevention of COVID-19. We hope with this video we will be able to spread the message of awareness towards COVID-19 to different people all around so that we can join our hands together to combat COVID-19.
