Best Practice I Skill Enhancement Program by providing **Three- day free- of – cost Art and Craft Course** to empower our girls in association with Fevicryl, Kolkata.	
Title	**"Give Wings to your imagination"** *Empowering girls through Skill Enhancement Program*
Goal	To explore the factors that contribute to • girls' financial independence • making education more multi-faceted, colourful and imaginative • social support strategies for girl students
Context	The college has observed over the years that the 'vicious triad' of i. economic backwardness, ii. lack of education and awareness among the family members of the students leading to iii. early marriages prevent them from taking up full time jobs. In this context the college embarked upon the course to enable such students to pursue their dreams of financial independence from their homes, while catering to the needs of their family and children.
Practice	Students are given free demonstration class in the month of July followed by the three- day course in the month of August which includes no admission fee and the materials are provided at minimal cost by the company.
Success	i. *Increase in no of participants*: A steady rise in participation from students has been recorded with the number of students increasing from 25 in 2016 to 55 in 2018. ii. *Key role in helping girls to get jobs*: Many students have taken up jobs in various boutiques or have started their own boutiques. iii. *Development of technical capacity and skills:* Jewellery –making has also emerged as a lucrative job option and many of our students have become successful in online handmade junk- jewellery business.
Problems	The problems of smooth functioning of the program are: • lack of access to financial capital • Inadequate policy frameworks • Lack of support from the family members • Lack of education and conservative nature of the family members • Early marriage of the students
