Revisiting the old Indian Ads

Dancing through Helen's heart...

Happy and relaxed after an exciting dance number for her current film, Helen was asked who it was that captivated her heart.

She laughed. 'Oh dear me—just my pets. I love my poodle and all the rest of my dogs.' 'I love travelling. Especially abroad.'

'And I love dressing up. I feel I'm a thousand different people, so want to dress and dance like them.'

Asked what kept her so youthful and lovely, she thought for a moment. Then 'Why I think it's Lux.'

The pure mildness of Lux helps my complexion stay lovely.

Packers and Movers

Another Great Mayflower Plus

The \$1,000,000 difference in moving.

It's air. Air-Ride suspension. And Mayflower has more Air-Ride than any other long-distance moving company. Hard, stiff, metal spring suspension systems are a thing of the past. When your possessions ride in a Mayflower van, they are actually "floated" on big, soft cushions of air that support your belongings with a ride that's twice as gentle as the old, hard riding, spring-loaded vans. Think of your furniture riding on rough roads and streets, over rough, rutted thoroughfares and chuckholes. Mayflower Air-Ride suspension gives all your delicate things — TV's, tables, hi-fi's — a softer, safer ride. It's Mayflower's million-dollar difference in moving that doesn't cost you one cent more. We're in the telephone Yellow Pages, and our business is helping people move. Call us next time, won't you?
