Report on

National Webinar

"India-China Economic Relationship: The Road Ahead"

Date: 15.07.2020

Speaker:

Dr. Ranajoy Bhattacharjee

Indian Institute of Foreign Trade, Kolkata Chapter

Welcome Address: Dr. Tapan Kumar Ghosh, Principal

Moderator & Convener : Dr. Soma Saha, Associate Professor of Economics, NNCW

Vote of Thanks: Dr. Bipul De, Associate Professor & HoD, NNCW

Introduction:

This report summarizes the key points discussed during the National Webinar titled "India-China Relationship: The Road Ahead," featuring esteemed speaker Dr. Ranajoy Bhattacharjee, Head of Department & Professor of Economics at the Indian Institute of Foreign Trade (IIFT).

The webinar, organized by the Department of Economics, Netaji Nagar College for Women, Kolkata-9l, explored the dynamics, challenges, and future prospects of the complex relationship between India and China.

The entire program was moderated by Dr. Soma Saha, Associate Professor and Convener of the Webinar.

Due to the absence of our Principal due to some previous academic commitment, a welcome address was given by Dr. Bipul De, HoD, Department of Economics, NNCW.

Key Points:

• Current State of the Relationship: Dr. Bhattacharjee characterized the current India-China relationship as "complex and multi-faceted," marked by cooperation and competition in various areas, including trade, investment, infrastructure, and technology.

He highlighted factors like,

- 1. the 2017 Doklam standoff.
- 2. China's Belt and Road Initiative (BRI), and
- 3. India's relations with the United States have significant influences on the dynamic.
- Challenges and Friction Points: Dr. Bhattacharjee identified several challenges in the relationship, including
 - 1. border disputes,
 - 2. trade imbalances,
 - 3. China's assertive foreign policy, and differing strategic and security interests.
- He emphasized the need for proactive diplomacy and effective communication to manage these friction points and prevent escalation.
- Cooperation and Opportunities: Despite the challenges, Dr. Bhattacharjee also emphasized areas of potential cooperation between India and China. He pointed to
 - 1. growing economic interdependence,
 - 2. shared interest in regional stability, and
 - 3. collaboration on global issues like climate change as crucial areas for joint efforts.
- Road Ahead: Dr. Bhattacharjee emphasized the importance of building trust and mutual understanding as the foundation for a better future relationship. He suggested several practical steps, including regular leadership-level dialogues, focused economic engagement, cultural and educational exchanges, and promoting people-to-people communication. He also stressed the need for India to strengthen its own strategic capabilities and build alliances with other major powers to navigate the complex

geopolitical landscape.

Q&A Session:

The webinar concluded with a lively Q&A session conducted by Dr Bipul De, HoD & Associate Professor of Economics where Dr. Bhattacharjee addressed questions from the audience on various aspects of the India-China relationship. He provided insightful perspectives on sensitive topics like the border dispute, China's growing assertiveness, and the role of the United States in shaping the regional dynamics.

Conclusion:

The national webinar "India-China Relationship: The Road Ahead" provided a valuable platform for understanding the complexities of this crucial relationship.

Dr. Ranajoy Bhattacharjee's insightful presentation and the engaging Q&A session offered valuable insights and perspectives for navigating the challenges and maximizing the opportunities in the India-China relationship. As both nations continue to grow and shape the global landscape, fostering sustainable and mutually beneficial cooperation remains essential for regional stability and shared prosperity.

Vote of thanks was given by Dr. Bipul De.

Platform: Google Meet; Meeting Link will be mailed to the participants on 14th July, 2020

Link of the Feedback form will be shared after completion of the Webinar

E-Certificate will be provided only after submission of Feedback Form

Technical Support: Dr. Barun Kumar Pal, Dept. of Mathematics, NNCW

IIFT KOLKATA

Ranajoy Bhattacharyya,

Professor, IIFT Kolkata

International Economics, Environmental Economics

Students' Feedback

Whatever is taught by Ranajoy is so clear. He substantiates theories with excellent examples.

He is a mine of knowledge. Making tough economics easy is a cakewalk for him.

He has a way of grabbing attention, recognising students' speed of grasping among other qualities.

Dr. Ranajoy Bhattacharyya Professor of Economics, IIFT

Qualification: Ph.D. in Economics

Award:

- 1. Fulbright Scholar in Residence Award in 2007-08
- 2. Asia Fellows Award in 2002-03

Area of Interest: International economics, Environmental Economics

Work Experience:

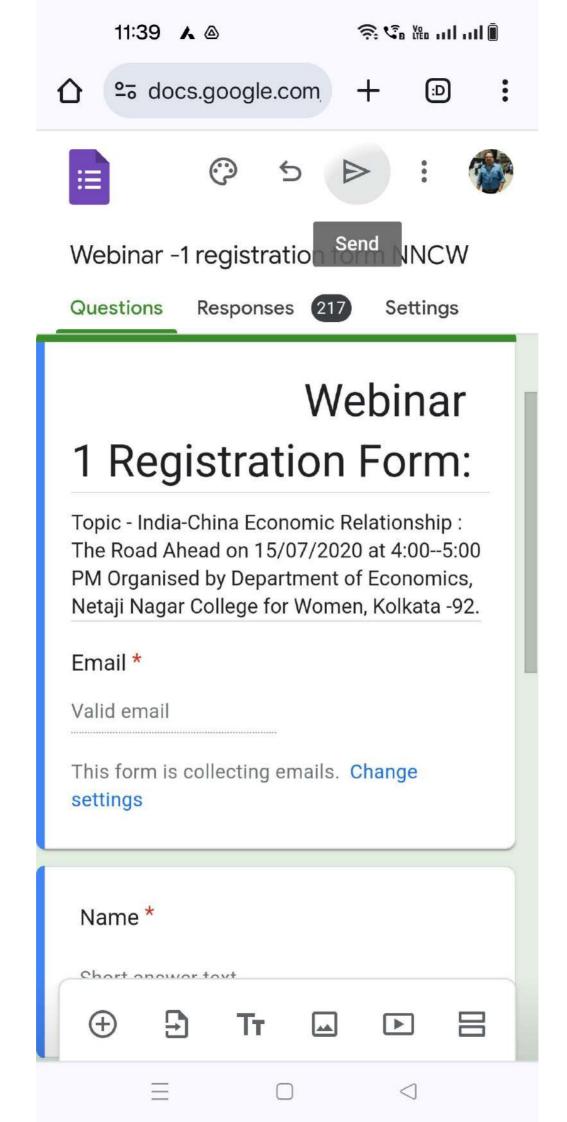

- 1. Professor at Indian Institute of Foreign Trade, Kolkata Campus
- 2. Visiting Professor, Roanoke College, Virginia, USA, august 2007-may 2008
- 3. Reader, Dptt of Business management, CU, july 03- march 07
- 4. Visiting fellow, Sejong University, Korea, Dec 02-aug 03
- 5. Sr. Lecturer, Dptt of Business Management, CU, sep 97-june03
- 6. Visiting Lecturer, Dptt. of Economics, CU, 1992-present

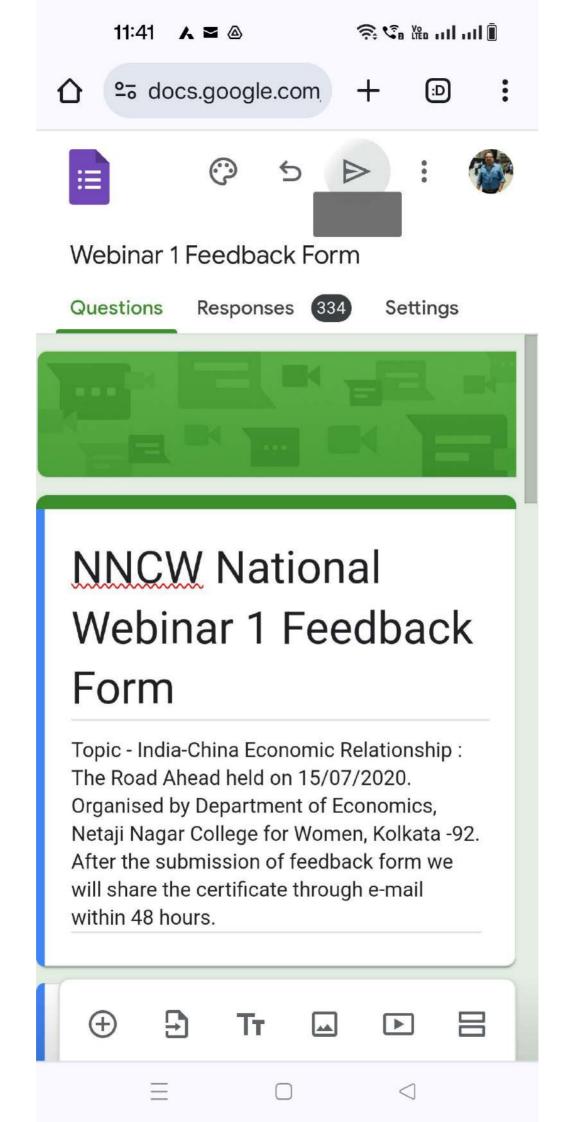

Publications:

- 1. International journal: 20+
- 2. Book chapters: 15+
- 3. Working papers: 10+
- 4. **Book**: "Air pollution in Developing Countries and Victim's Willingness to Pay for it: A ready Reckoner; co-authored with Dr. Sarmila Banerjee.

Professional / Academic Affiliation:

- 1. Advisor (Research), Joint Study Group on Indo-Russian Trade
- 2. Advisor, Ministry of Commerce, Gol

WEBINAR ON "STRESS AND ANXIETY MANAGEMENT"

Date of the program: 23rd June 2021

Organized by: Department of Zoology and

Department of Environmental Science

<u>Objective</u>: Stress and anxiety management are crucial for maintaining mental and emotional wellbeing. There are many strategies to manage stress and anxiety such as deep breathing, mindfulness and meditation, regular exercise, healthy lifestyle choices, time Management, practicing self-

compassion and overall seeking professional help. Stress and anxiety management are particularly important for students due to the unique pressures and challenges they face in their academic and personal lives. The factors linked with the same include

Academic Performance: High levels of stress and anxiety can negatively impact students' academic performance by impairing their concentration, memory, and problem-solving abilities. Effective stress management techniques can help students stay focused and perform better in their studies.

Emotional Well-being: The transition to college or university, academic pressure, social challenges, and uncertainty about the future can all contribute to stress and anxiety among students. Learning how to manage these emotions can promote emotional well-being and resilience.

Physical Health: Chronic stress can have detrimental effects on physical health, including weakened immune function, digestive problems, and headaches. By learning to manage stress, students can reduce their risk of developing stress-related health issues.

Relationships: Stress and anxiety can strain relationships with friends, family, and classmates. Effective stress management techniques can help students communicate more effectively, resolve conflicts, and maintain healthy relationships.

Life Skills: Learning to manage stress and anxiety is a valuable life skill that students can carry with them beyond their academic careers. These skills can help them navigate challenges in their personal and professional lives, promoting long-term success and well-being.

Prevention of Burnout: High levels of stress and anxiety can lead to burnout, a state of emotional, physical, and mental exhaustion. By implementing stress management strategies, students can prevent burnout and maintain a healthy balance between their academic, social, and personal lives.

Enhanced Coping Skills: Developing effective stress management techniques equips students with coping

skills that they can use during times of adversity. This resilience can help them bounce back from setbacks and overcome obstacles more effectively.

Improved Quality of Life: Ultimately, effective stress and anxiety management can lead to a better quality of life for students. By reducing stress levels and promoting overall well-being, students can enjoy their college or university experience more fully and thrive academically, socially, and personally.

Therefore, stress and anxiety management are essential for students to succeed academically, maintain emotional well-being, and develop valuable life skills that will serve them throughout their lives.

During the COVID-19 pandemic, stress and anxiety management have become even more crucial for students due to the unprecedented challenges and disruptions they are facing. Here's why stress management is especially important for students during this time:

Uncertainty and Change: The pandemic has brought significant uncertainty and change to students' lives, including sudden shifts to online learning, changes in academic schedules, and uncertainty about the future. Managing stress helps students navigate these uncertainties more effectively.

Social Isolation: Social distancing measures and restrictions on gatherings have led to increased social isolation for many students. This isolation can contribute to feelings of loneliness, anxiety, and depression. Effective stress management techniques can help students cope with these feelings and stay connected with others, even virtually.

Academic Challenges: The transition to online learning and remote studying presents unique academic challenges for students, including difficulties with technology, distractions at home, and feelings of disconnection from instructors and classmates. Managing stress can help students stay focused, motivated, and engaged in their studies despite these challenges.

Financial Concerns: Many students are facing financial hardships due to job losses, reduced hours, or unexpected expenses related to the pandemic. Financial stress can exacerbate feelings of anxiety and impact students' ability to concentrate on their studies. Learning to manage stress can help students cope with financial challenges and find effective solutions.

Health Concerns: The fear of contracting COVID-19 or spreading it to loved ones can be a source of significant stress and anxiety for students. Managing stress can help students take proactive steps to protect their health, follow public health guidelines, and cope with feelings of fear or uncertainty related to the pandemic.

Loss and Grief: The pandemic has brought loss and grief to many students, whether it's the loss of

loved ones, missed milestones and experiences, or changes in personal plans. Managing stress can help students process their emotions, cope with grief, and find support from friends, family, or mental health professionals.

Increased Screen Time: With the shift to online learning and remote socializing, students are spending more time than ever on screens. Excessive screen time can contribute to feelings of stress, anxiety, and fatigue. Implementing stress management techniques can help students balance their screen time and prioritize self-care activities.

Mental Health Support: The pandemic has underscored the importance of mental health support for students. Managing stress and anxiety is essential for maintaining mental well-being and preventing the exacerbation of mental health conditions such as depression and anxiety.

In summary, stress and anxiety management are critically important for students during the COVID-19 pandemic to help them navigate uncertainty, maintain academic performance, cope with social isolation, address financial concerns, protect their health, process loss and grief, balance screen time, and prioritize mental health support.

Keeping the above factors in mind particularly during the COVID-19 Pandemic Department of Zoology and Department of Environmental Science of the College organised a **WEBINAR ON STRESS AND ANXIETY MANAGEMENT** on 23rd of June, 2021 for all stakeholders of the College particularly the students. The Honourable Speaker for the said webinar was **Ms. SMARANIKA TRIPATHY**, Rehabilitation Psychologist attached with Bellevue Clinic and Columbia Asia Hospital, Kolkata.

About the Hon'ble speaker: Smaranika Tripathy, a registered Rehabilitation Psychologist have been practicing since last 19yrs in the field of mental health for treating patients with depression, anxiety and various others mental disorders. Her areas of specializations are counselling, psychometric assessments and therapies for various psychological disorders and concerns. Apart from being in clinics and treating patients, she has been attached to collages and different corporate for training students and staff members for better work life balance. She has been quite familiar to both electronic and print media for sharing her views on impact for

social and personal issues affecting the mental health and our relationship in everyday life.

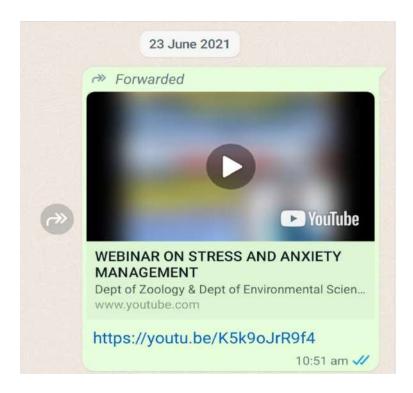

She is currently attached to Belle Vue Clinic and Columbia Asia hospital, Kolkata after completing her MSc. in Applied psychology and PG Dip in Rehabilitation psychology from Osmania University.

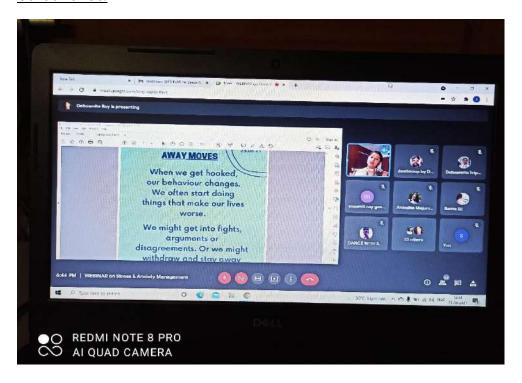

Minutes of the meeting held on 01/06/2021:

Acti :- 1/0[202]
Agenda: - Organizing archinar on string 2 anxiety management on 23 rd June 2021 for
management on 23 rd June 2021 for

<u>Program outcome</u>: Students and their parents were overwhelmed by the initiative taken by 2 departments (Zoology and Environmental Science) of our college and extended their deepest appreciation and acknowledgement in recognition of the unwavering dedication and compassionate efforts put forth by us to prioritize the mental well-being of their children.

Our initiative not only fostered an environment of understanding and support for mental health of our students but also created a safer and more nurturing college campus and instilled a sense of hope and resilience among our students in the post pandemic times.

Our commitment to addressing the challenges and complexities of mental health with empathy and proactive measures was commendable. By advocating for awareness, promoting self-care practices, and facilitating access to counselling services, we have demonstrated genuine care for the holistic development of our students.

Our initiative affirmed the significance of prioritizing mental health in educational settings, served as a beacon of inspiration, encouraging others to join in this vital endeavour of nurturing not just academic success, but also emotional well-being.

We could provide a supportive and inclusive environment where every student felt heard, valued, and empowered to thrive.

Report on Botany Webinar

An Webinar on "Ethnobotany for the Survival of Mankind" was organised by the department of Botany, Netaji Nagar College for Women on 25th July 2020. Ethnobotany refers to the study of the relationship of plants with primitive human race. It was very relevant topic especially during Covid-19 pandemic situation when the whole World was fighting for their survival against a virus. The speaker beautifully focused on different indigenous community, their way to face challenges, different medicinal plants etc. The webinar was a thought provoking and enlightening session.

Day 1 Summary:

Opening Remarks:

Dr. Soma Saha, Associate Processor, Department of Economics, Netaji Nagar College for Women, Kolkata-92 delivered the initial talk, setting the stage for the discussions.

Welcome Address & Inaugural Speech:

In absence of Dr. Tapan Kumar Ghosh, Principal, Netaji Nagar College for Women, Dr. Bipul De, HoD of Department of Economics, NNCW, delivered the welcome address.

Dr. Ramswarup Gangopadhyay, Principal, Vidyasagar Metropolitan College offered the inaugural speech of the webinar.

Speaker - 1:

Dr. Saikat Sinha Roy, Professor, department of Economics, Jadavpur University Topic: Covid-19 Pandemic: What are the priorities for the economy?

Dr. Saikat Sinha Roy, eminent economist, was introduced by Dr. Suparna Nandy Pal, Associate Professor of Economics, VMC.

Dr. Roy's speech addressed the crucial question of economic priorities during the unprecedented crisis brought on by the Covid-19 pandemic. It is important to remember that this event took place in July 2020, when the global economic landscape was rapidly evolving, and many uncertainties remained.

Key Points of the Speech:

Immediate priorities:

Dr. Roy emphasized the need for immediate measures to address the most pressing economic concerns, such as:

- Projecting vulnerable populations: Ensuring food security, healthcare access, and social safety nets for those severely impacted by the pandemic.
- Supporting businesses: Providing financial assistance and liquidity to prevent mass closures and job losses, particularly in affected sectors.
- Stimulating demand: Implementing measures to revive consumer spending and business investment.

Medium-term priorities:

- Dr. Roy discussed the need for strategic planning beyond immediate relief, focusing on:
- Building resilience: Strengthening healthcare systems, social safety nets, and economic infrastructure to withstand future shocks.
- Promoting inclusive growth: Addressing pre-existing inequalities and ensuring equitable access to opportunities during the recovery process.
- Investing in strategic sectors: Supporting industries with high growth potential and long-term benefits, such as renewable energy, digital technologies, and healthcare

Speaker - 2:

Dr. Shanto Sadhu

Senior Research Scientist, IPD, NORC, University of Chicago Topic: Covid-19 on livelihood of smallholder farmers and their protection during future pandemic.

Dr. Shanto sadhu, eminent economist, was introduced by Dr. Suparna Nandy Pal, Associate Professor of Economics, VMC.

Dr. Shanto Sadhu, Senior Research Scientist at the International Programs Department of NORC, University of Chicago, presented his insights on the topic.

Key Points of the Speech:

Impact of Covid-19 on Smallholder Farmers:

Dr. Sadhu highlighted the severe disruptions caused by the pandemic, including restrictions on movement, closure of markets, and labor shortages, which significantly impacted smallholder farmers' ability to produce, sell, and earn income.

He emphasized the specific challenges faced by these farmers, such as limited access to information, technology, and financial resources, making them more vulnerable to the pandemic's economic consequences.

Protection during Future Pandemics:

Dr. Sadhu emphasized the need for proactive measures to protect smallholder farmers during future pandemics.

He suggested:

- Strengthening social safety nets: Providing financial assistance, food security programs, and access to essential goods and services.
- Investing in rural infrastructure: Improving transportation, storage facilities, and market access to reduce disruptions.

- Promoting digitalization: Utilizing technology for information dissemination, e-commerce, and financial transactions.
- Building resilience: Encouraging diversification of crops and income sources, adoption of climate-smart practices, and community-based support systems.

Dr. Shanto Sadhu's speech provided valuable insights into the challenges faced by smallholder farmers during the Covid-19 pandemic and offered recommendations for their protection during future outbreaks. His emphasis on social safety nets, rural infrastructure development, digitalization, and building resilience are crucial steps to ensure the well-being of these vulnerable communities

Q&A Session & Closing of Day-1 Session :

Dr. Bipul De, Associate Professor & HoD, Department of Economics, Netaji Nagar College for Women, Kolkata-92 moderated a lively question-and-answer session, allowing participants to engage with the speakers and delve deeper into the discussed topics.

Dr. De expressed gratitude to the 250 participants for their active engagement and invited them to attend Day 2 of the webinar.

Day 2 Summary:

Opening Remarks:

Dr. Suparna Nandy (Paul), Associate Processor, Department of Economics, VMC, Kolkata-06 delivered the initial talk, setting the stage for the discussions.

Welcome Address & Keynote Speech :

Dr. Ramswarup Gangopadhyay, Principal, Vidyasagar Metropolitan College, offered the welcome address.

Dr. Bipul De, HoD of Department of Economics, NNCW, delivered the keynote speech of the webinar.

Speaker - 1:

Dr. Ajitava Raychaudhuri, Professor, Department of Economics, Jadavpur University

Topic: COVID 19 and way out for the economy.

Dr. Ajitava Raychaudhury, eminent economist, was introduced by Dr. Soma Saha, Associate Professor of Economics, NNCW .

Dr. Raychaudhury's speech addressed the crucial question of economic priorities during the unprecedented crisis brought on by the Covid-19 pandemic. It is important to remember that this event took place in July 2020, when the global economic landscape was rapidly evolving, and many uncertainties remained.

Key Points of the Speech:

The COVID-19 pandemic has unleashed an unprecedented global economic crisis. This speech examined the devastating impact on various sectors, explored strategies to revive economies worldwide, and highlighted key lessons learned for future pandemic preparedness.

Devastation and Disparity: The pandemic led to a sharp contraction of the global economy, with severe disruption to supply chains, industries, and labor markets.

The impact has been disproportionately felt by developing nations, small businesses, and marginalized communities, exacerbating existing inequalities.

Pathways to Recovery:

Fiscal Stimulus: Governments worldwide enacted substantial fiscal stimulus packages to support healthcare systems, vulnerable businesses, and unemployed individuals. These measures proved vital in mitigating immediate economic damage.

Structural Reforms: The crisis has exposed the need for long-term structural reforms to bolster economic resilience. This includes investments in health systems, digital infrastructure, and green technologies to create a more sustainable and inclusive economic model.

Global Collaboration: The interconnectedness of our global economy demands international cooperation. Collaboration is essential for vaccine distribution, knowledge sharing, and the coordination of fiscal and monetary policies to avoid destabilizing effects on debt and currency markets.

Lessons for the Future:

Resilience in Supply Chains: Diversifying production bases and building more resilient supply chains can minimize disruptions caused by future shocks.

Prioritizing Universal Healthcare: Robust public health systems are critical for protecting lives and safeguarding economic stability.

Social Safety Nets: Expanding social safety nets to include marginalized populations will reduce vulnerability and enhance societal resilience

Speaker - 2:

Dr. Arup Kumar Chattopadhyay, Professor, Department of Economics, The University of Burdwan

Topic:

An adumbration of behavioural economics and its relevance in pandemic situation

Dr. Arup Kumar Chattopadhyay, eminent economist, was introduced by Dr. Suparna Nandy Pal, Associate Professor of Economics, VMC.

Key Points:

Adumbration of Behavioural Fconomics:

The speaker outlined the fundamental tenets of behavioural economics, highlighting its departure from traditional economic models that assume rational decision-making by individuals.

Key concepts like bounded rationality, prospect theory, and framing effects were explored, emphasizing how these factors influence human behaviour in economic contexts.

Relevance in Pandemic Situations:

The webinar then delved into the specific relevance of behavioural economics during pandemics.

The speaker likely discussed how an understanding of these principles can inform the design of effective public health interventions and policies aimed at promoting positive behavioural changes during pandemics.

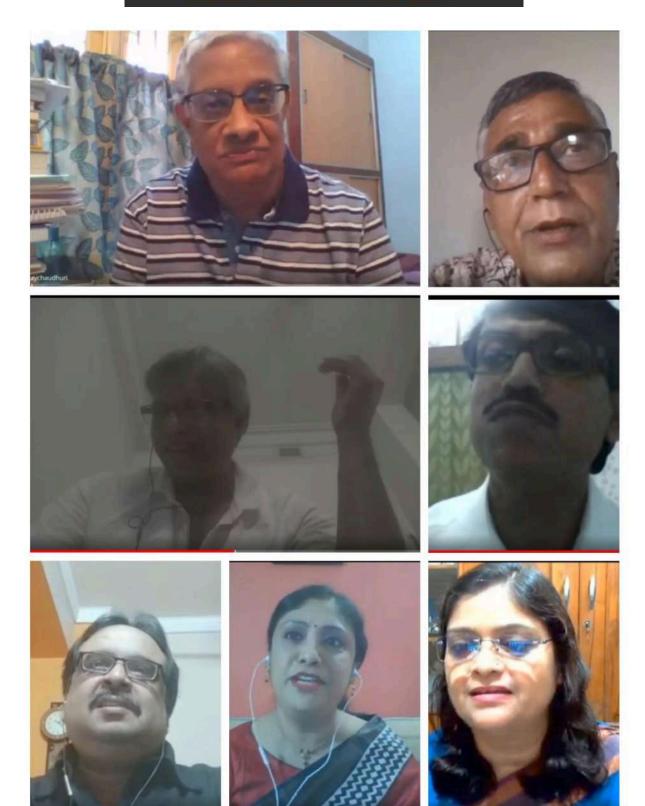

Examples of how behavioural economics has been applied in real-world pandemic scenarios might have been provided.

QA Session:

Dr. Suparna Nandy Paul & Dr. Soma Saha moderated a lively question-and-answer session, allowing participants to engage with the speakers and delve deeper into the discussed topics.

Both expressed gratitude to the 250 participants for their active engagement.

Vote of thanks

Dr. Debasish Joddar, HoD, Department of Economics & Convenor extended a heartfelt vote of thanks to all for their esteemed presence and valuable contributions to the success of this event.

He offered sincere gratitude to the distinguished speakers for sharing their profound knowledge and insightful perspectives. Their expertise had enriched our understanding of the subject and sparked stimulating discussions.

He expressed his appreciation to the Governing Body of two colleges, Principals, faculty members, non teaching staff, students and especially the members of organizing committees.

REPORT ON INTERNATIONAL WEBINA

The International Webinar titled "India- Nepal- China Triad and India's Foreign Policy: The Present Scenario" was organized by the Department of Political Science on 7th August, 2020 from 5 p.m. to 7p.m. There were three resource persons who enlightened the participants with their erudite speech on the following sub- topics:

- 1. Prof. Ganga Thapa, Professor, Department of Political Science, Tribhuvan University, Nepal.
- 2. Dr. Raj Kumar Kothari, Professor, Department of Political Science, Vidyasagar University.
- 3. Dr. Prosenjit Pal, Associate Professor, Department of Political Science, Diamond Harbour University, Kolkata.

The said webinar was a grand success and at its peak 100 participants were recorded. The International Webinar had the following outcomes:

OBJECTIVES:

- 1. To keep students abreast of the political developments between India and her neighbours in an era of 'minimal physical contact' when students were 'cut off' from libraries, books and newspapers.
- 2. An Attempt to provide detailed informations of the territorial claims between India and Nepal with special reference to the China Factor, especially to Semester V Honours and General students, as it was a part of their curriculum.
- 3. Dissemination of information to all students and teachers in general, to familiarize all of all students irrespective of the discipline the belong to.

Outcomes:

- 1. The said webinar was in consonance to the motto of the institution "Beyond text book learning" and was able to fulfill the requirements of extra information for students in the Pandemic phase when access to library was prohibited.
- 2. The webinar acted as a motivating agent for all the students and the teachers and was a diversion from the mundane routine online classes.
- 3. The students could connect with the interesting lectures delivered by the resource persons as the topic selected for discussion was a part of the curriculum of Semester V Honours and General course.
- 4. The webinar was very relevant in the context of Nepal's claim of the three territories within India, and India's strategy to counter the same. The China factor in the region ad especially in the said issue was explained in a lucid manner by Dr. Prosenjit Pal, which proved to be very beneficial for the students.
- 5. Hearing about Nepal's stand regarding the territorial contestations between India and Nepal from a renound scholar from Nepal was an enriching experience. The history of Indo- Nepal relations discussed in detail by him in this context proved to be a storehouse of information for the participants.
- 6. The students could understand then sessions and asked appropriate and relevant questions which made the Interactive Session very interesting.

PROBLEMS AND PROSPECTS:	
Technical shortcomings, financial constraints and health issues due to the rapid spread of the virus were grad challenges which had to be reckoned with but most of the teachers and students overcame the hindrances participate in the webinar which was very inspiring. The zeal for learning among students as reflected in the brilliant question answer session proved to be a promising asset both for the institution and the organizing department, which would encourage the authority to organize such webinars in future.	to he

WEBINAR REPORT

A Webinar on "Holistic Roadmap for Academic excellence" was organised by the Teachers' Council and IQAC of Netaji Nagar College for Women on 11th July 2020. On and from 16.03.2020 the College along with whole World faced a lockdown period because of unprecedented pandemic situation due to outbreak of COVID-19. We had to enter in Virtual World. The webinar was designed for the future planning during Lockdown phase.

ABOUT THE WORKSHOP

A National Level Webinar on "IMPACT OF COVID 19 ON EDUCATION SECTOR" Was Organized By, Dept. Of Education, Netaji Nagar College for Women on - 27th July2020, Our Resource Person Honourable, Dr. Arup Kumar Mitra, Associate Professor, St.Xavier's College (Autonomous) Kolkata Department of Micro Biology delivered a lecture and communicated with our girl students.

The severe crisis that humanity witnessed all over the world due to the spread of corona virus threatened the very existence and continuity of the human life on Earth. Schools and colleges across the nation have been closed down since the third week of March as a measure to contain the spread of corona virus.

Board examinations, school admissions for pre-primary and primary classes, entrance tests for various courses, admissions to colleges and universities and competitive examinations, economic and social activities, everything has come to an abrupt standstill. Closure of educational institutions was having a detrimental effect on continuity of learning. For millions of learners regular teaching and learning had been intermittently disrupted.

The World Health Organization (WHO) on March 11, 2020, had officially announced that corona virus (COVID-19) a pandemic after as it covered 114 countries in 3 months and infected more than 118,000 people in the world. According to the UNESCO, over 1.5 billion students in 195 countries were affected by COVID-19 pandemic school closures.

Many educational institutions due to Covid-19 lockdown had started online classes thereby making teaching learning opportunities and resources available to learners. However only a few private schools in urban areas have been able to adopt online teaching

approaches. Huge numbers of students in government schools in both rural and urban areas faced disruption in education as they were completely closed down. The crisis had become a grave problem and a major source of concern for teachers, parents and society at large. This disruption in education was to be tackled with the objective to ensure uninterrupted delivery of education with e-learning solutions.

Emphasis was placed on managing the digital divide across the nation to safeguard the educational needs of the weaker and most vulnerable sections of the learning community. The need to establish a vigorous system of education based on the principle of equity and equality suited to the needs of all the learners was given priority.

A National Webinar pact of Covid 19 on Education Sector

Report on Webinar:

"Looking Beyond Covid-19: A Rescue Plan"

Organized by:

Department of Economics

Netaji Nagar College for Women, Kolkata-92

Date: 18th July 2020

Speaker:

Dr. Bhaskar Goswami, Eminent Economist HoD, Department of Economics, B.U.

Moderator: Dr. Soma Saha

Welcome Address & Vote of Thanks: Dr. Bipul De

Platform : Google Meet

Highlights:

- The webinar addressed the crucial topic of navigating the economic landscape post-COVID-19, offering valuable insights and potential rescue plans.
- **Dr. Bhaskar Goswami**, a renowned economist, shared his expertise, providing thought-provoking perspectives on the challenges and opportunities arising from the pandemic.

Nature of the Crisis

COVID-19 is a unique & unprecedented crisis

- Combination of health pandemic & an economic crisis
- Speed of spread is too fast, resulted in a global crisis at a record time.
- ▶ Both demand and supply side shock operating at tandem.

FISCAL MANAGEMENT! * Misalignment of priorities in the fiscal stimulus package * Concern for fiscal deficit is inappropriate. * unethical ways to generate government revenue!

- **Dr. Soma Saha's** moderation ensured a smooth flow of discussion and active audience participation.
- **Dr. Bipul De's** opening remarks set the stage for the event, and his closing vote of thanks expressed appreciation for all involved.
- The question answer session was conducted by Dr. Bipul De and the session was truly interesting and thought provoking.
- The participation of 150 individuals demonstrates the significant interest in this timely topic, and the distribution of certificates acknowledges their engagement.
- The overall feedback indicates the webinar's success in stimulating thought and discussion on crucial economic issues in the post-pandemic world.

Conclusion:

The webinar, "Looking Beyond Covid-19: A Rescue Plan," organized by the Department of Economics at Netaji Nagar College for Women, Kolkata-92, served as a valuable platform for exploring economic recovery strategies in the face of the pandemic.

Dr. Bhaskar Goswami's expertise, coupled with Dr. Soma Saha's moderation contributed to a successful event that engaged a large audience and generated meaningful discussion.

Number of Participants: 150

National Nutrition Month or Poshan Maah is observed in every single year by the department of Food and Nutrition. In the year 2020 we all were under locked down in our houses due to COVID pandemic, so this year was very important in respect of activities and nutritional awareness. Students having nutrition as a subject in their curriculum were activity participated in nutritional awareness about corona pandemic and other related diseases by making posters and videos from their homes. They also participated in tree plantation program in their own gardens or balconies. An webinar was organised by department of Food and Nutrition on this was celebrated on 20.09.2020 under the theme of 'Maintenance of ideal body weight through diet and exercise".

Background: National Nutrition Week was first observed by the country in the year of 1982. It was introduced by the Food and Nutrition board and Ministry of Women and Child Development, Government of India with the aim to educate, motivate and aware people about the importance of good nutrition in our whole life. It was celebrated by all the professionals and students from 1st to 7th September of a calendar year. The celebration was extended to throughout the month of September in the year of 2018 and is also termed as Poshan Maah. Now the month of September is dedicated to full of activities like seminars, workshops and field activities to prepare students, young nutritionist for their future roles and to educate people about health and nutrition with the aim of a healthy nation.

Observation of 3nd Poshan Maah:

> Programme includes

- Online posters by the students
- Tree plantation by the students
- Webinar on 20.09.2020:
- Speakers: 1.Ms. Bijoya Mukherjee, Consulting Dietitian, Owner, RB Diet Clinic
 - 2. Mr. Abhijit Kumar Roy, Strength, Conditioning and Lifestyle Coach, Fitness Factory

Outcome / success of the programme:

The year 2020 were very special year as we all were under the threat of a pandemic so, programme celebration of 'National Nutrition Month or Poshan Maah' was very important, educative, interactive and overall activity-based programme. We were able to spread awareness on COVID-19 and role of diet and exercise in maintenance of ideal body weight. Overall the one month programme was a necessity and also a success in that situation.

Report on invited lecture

The Invited Lecture was held online on 28.06.2021 from 6 p.m. onwards and continued till 7.30 p.m. by the department of Political Science and IQAC of Netaji Nagar College for Women. The Resource Person was Dr. Prosenjit Pal, Associate Professor and Head of the Department of the department of Political Science, Diamond Harbour Women's University. The programme was divided into three segments, namely the introductory session, the technical session and the question –answer session. The Introductory session and the vote of thanks was conducted by Dr. Nilimpa Ghosh, Head of the Department of Political Science of Netaji Nagar College for Women, while the question answer session was conducted by Miss Ahana Sinha, SACT of the Department of Political Science of NNCW. The said lecture was organised with the following objectives in mind and various outcomes were observed, which have been recounted below:

Objective of the research:

- 1. To acquaint all students and teachers irrespective of the discipline they belong to , about Intellectual Property Rights, as it refers to the creation of the mind, such as inventions, literary and artistic works, designs, symbols, names and images used in commerce. Thus, it was very important for everyone to be well aware of the said topic as it touched everyone's lives.
- 2. To inculcate the spirit of inter-disciplinary studies by encouraging students from all departments of the college to participate in the said programme.
- 3. To nurture "Beyond text book Learning" which is an age old motto and practice of the institution.
- 4. To furnish general knowledge about certain common terms like patent, copyright, trademark etc.
- 5. Since the lecture delved into the applicability of intellectual property rights in the education system it was relevant for students from all streams. It was especially imperative for students, who would be future researchers and academicians, to know about the much used terms like 'plagiarism' and 'copyright' etc.
- 6. To break the monotony of the mundane life in the lockdown phase and to provide for all students and teachers of the college a common platform for interaction.

OUTCOMES OF THE PROGRAMME:

- 1. The programme proved to be successful in terms of participation of the students and teachers of the college.
- 2. The very fact that the teachers and students from all departments, irrespective of science or arts stream, participated in the online lecture despite attending morning classes revealed their interest on the said topic.
- 3. The technical session was very informative and enriching.
- 4. The Question- Answer Session was very interactive marked by spontaneous participation and invigorating questions from the students.

Problems:

- 1. Access to the online mode was a problem for many students both from financial and technical aspect.
- 2. Disturbances due to connectivity issues were yet another hindrance that the participants had to combat.
- 3. The ravages of the Pandemic phase in the form of infection, hospitalization or death of near and dear ones, economic constraints due to lockdown, psychological stress and strain were other factors which posed to be a severe challenge for all participants.

PROSPECTS:

Inspite of the roadblocks the sincere efforts of all were reflected in the active participation in the said lecture. The insightful questions asked by students to the resource person during the interactive session proved to be very motivating for the organising department. The yearning of both students and teachers to use the programme as a platform of interaction would inspire the institution and the department to undertake such seminars in future.
